

Today's Date,

Dear Honorable Senator:

I am a registered voter in your district. My name is \_\_\_\_\_ . My address is \_\_\_\_\_

I am writing this letter to urge you vote against [H.R.3200](#) the Healthcare Reform bill and against [H.R.2454](#) the Cap and Trade Bill.

1. Congress already has **\$53 TRILLION** in unfunded liabilities with these entitlement programs (SOCIAL SECURITY, MEDICARE, MEDICAID, and Medicare's Prescription Drug Coverage) and now wants to spend another \$1 Trillion + over the next 10 years? Not to mention the deficit for this year is already \$1.85 Trillion.
2. A public funded (our tax dollars \$1 Trillion plus) healthcare option will force out private competition. This could result in rationed healthcare for all, shortages of doctors, and less pay for doctors and services.
3. The Constitution does NOT entitle us to Healthcare and should NOT be regulating our energy consumption. Bring down the size of government! These bills are over 1,000 pages, our constitution is a fraction of that.
4. Cap and Trade will increase cost of business and businesses will pass on the cost to consumers or go overseas where there is no cap and tax.
5. Cap and Trade will increase our household taxes. The Congressional Budget office says by "as little" as \$175 per year per household, but the Marshall Institute says more like \$1,100 and continually rising to almost \$3,000 a year by 2050!

Please listen to the people you were elected to represent, and vote against H.R. 3200 and H.R. 2454. They are both unconstitutional and will increase the size and scope of government, and thereby hurt our country.

Thank you for listening.
